Thanks for the update! I know there's been media interest on the DFT site – I'm wondering if Shaun's tour will have press show up.

Hi Lisa: Sure. I know our next UIC Unit meeting is may 5th from 11 to 12 noon.

I will include you on the invite.

BTW, we are working our way back up to Shaun to brief on Dewey Burdock. We have a number of issues we need his input on. This will help inform how soon we can proceed with issuing our draft UIC permits. FYI, he is planning to tour the SD project site on June 11th from 2 to 4 pm linked to his midyear visit. Powertech will be hosting the tour, and someone in my Unit will be with Shaun.

Have a good weekend,

Douglas

Doug – can I get back on the invites for you meetings? If you just add me then it's on my calendar and I'll go when I can. I can try to give you a heads up...

Lisa
